Power!

THE POWER OF THE

Mind

What is the power of the mind? It is a brilliant tool used for succeeding, for accomplishing tasks and for striving to know more. It is a set of standards and a stairway to higher thinking. All these things combine to make the power of the mind an awesome influence.

In school, the power of the mind can help us deal with peer pressure. If used wisely, it can help us deal with problems such as drug and alcohol abuse, teenage pregnancy and suicide.

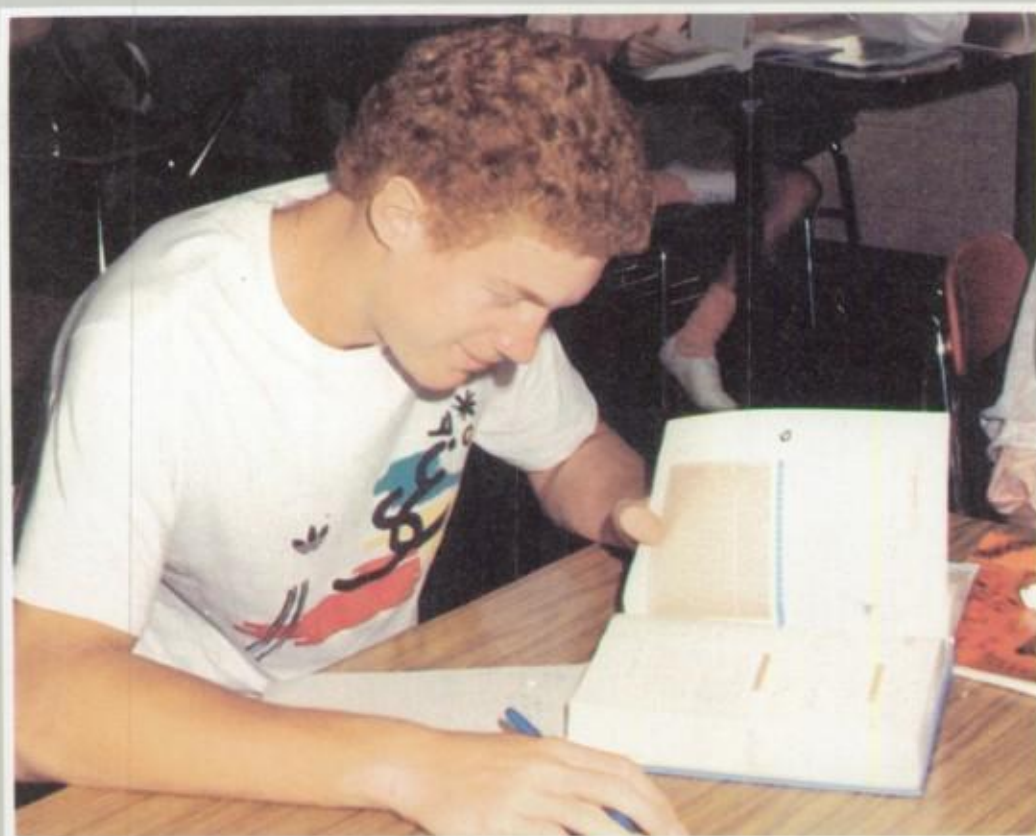

The power of the mind can also help us deal with stress. Tests, for example, are easily overcome by training the mind to get accustomed to studying. After a while the answers seem to come more easily. Job stress, problems at home and emotional ups and downs can also be worked through by using the power of the mind.

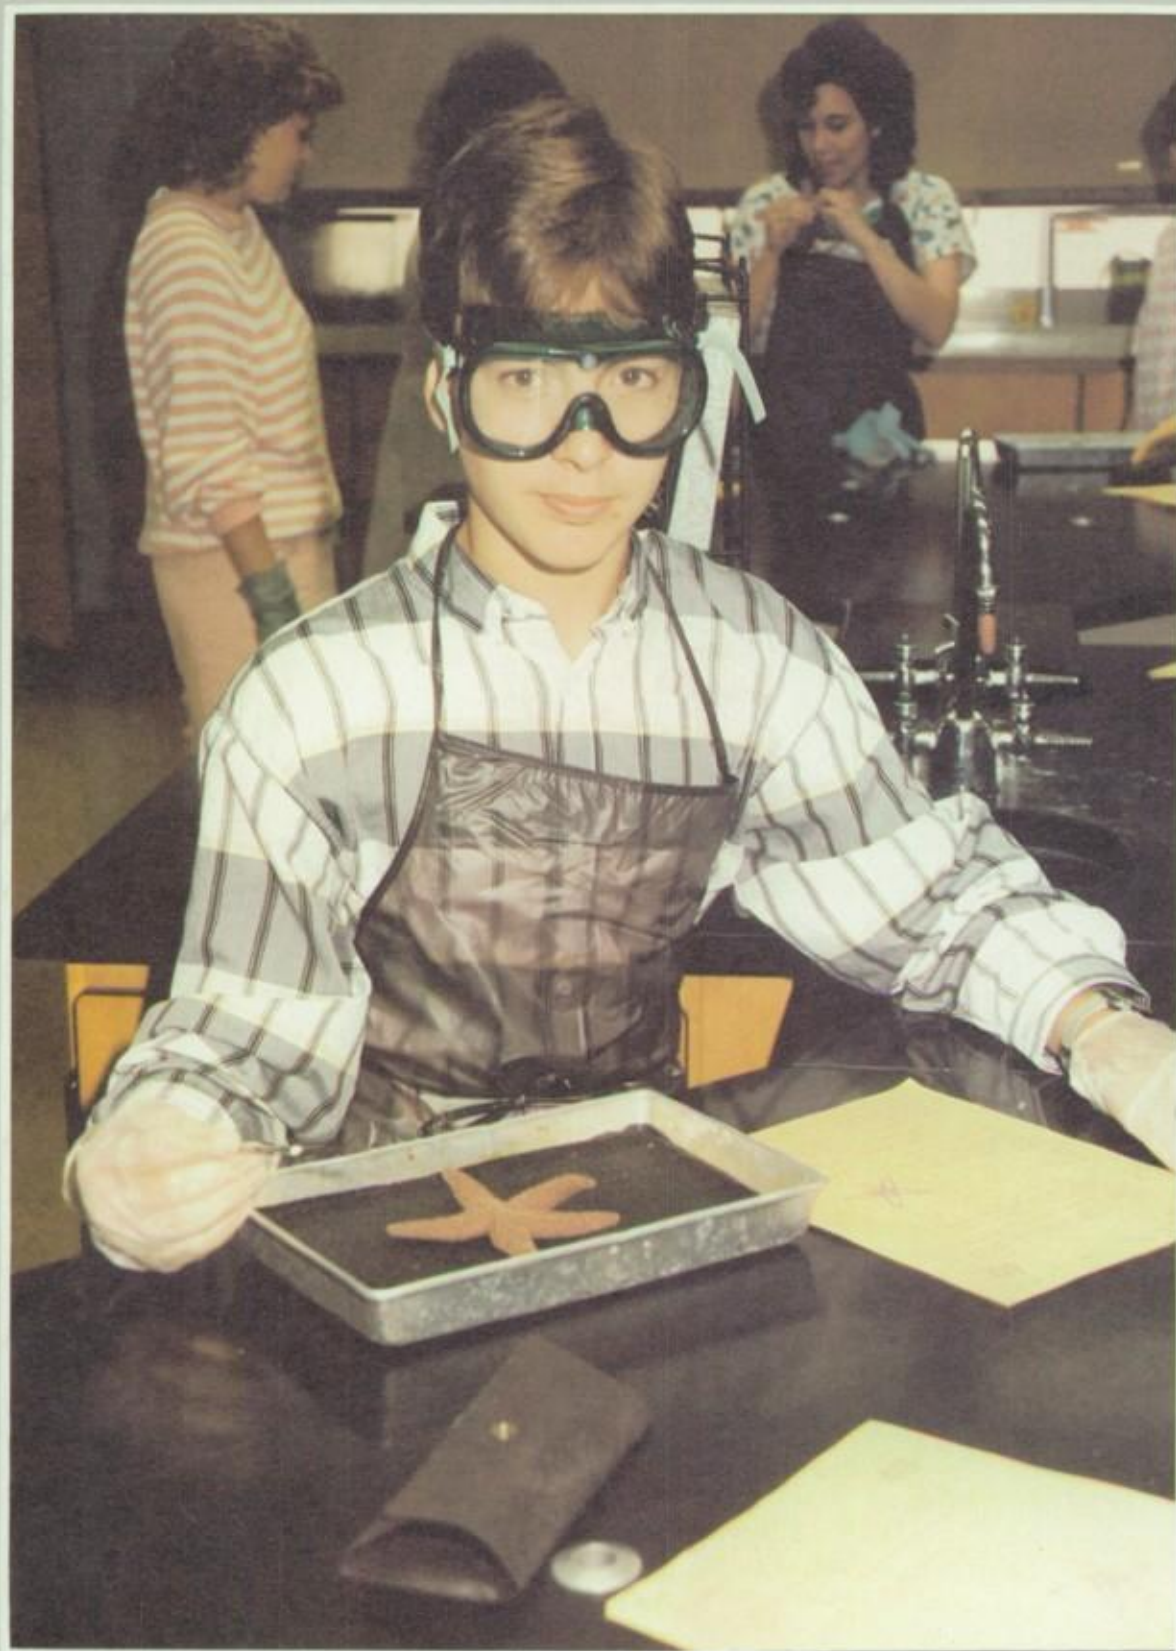

Currently, the power of the mind is being used in medicine to combat the many strains of disease commonplace in our society. Little by little, the research pays off. Today we search for cures for A.I.D.S, heart disease and cancer.

Technology has given us the artificial heart, computers and VCR's, Swatches and turbo-charging. These are all examples of the mind at work and at play, definitely taking part in the technological evolution of science.

Today, unfortunately, too many of us misuse the power of our minds. In essence, it is the same as the farmer's crop. It can either be cultivated or it can lie fallow, that decision is up to you; use it or abuse and lose it.

THE
POWER
OF THE

Body

Through the years, the power of the human body has become one of the most marveled at wonders. So marvelous is this body of ours that scientists and doctors are constantly discovering new things about it. How does each cell know exactly where to be and what function to serve? Why is there a difference in the muscle in your leg and the muscle in your heart? And even more amazing is the healing power of the body. There are virtually no ves-

tages of scraped knees and broken bones from the past. But is there a limit to these wonderful powers of the body?

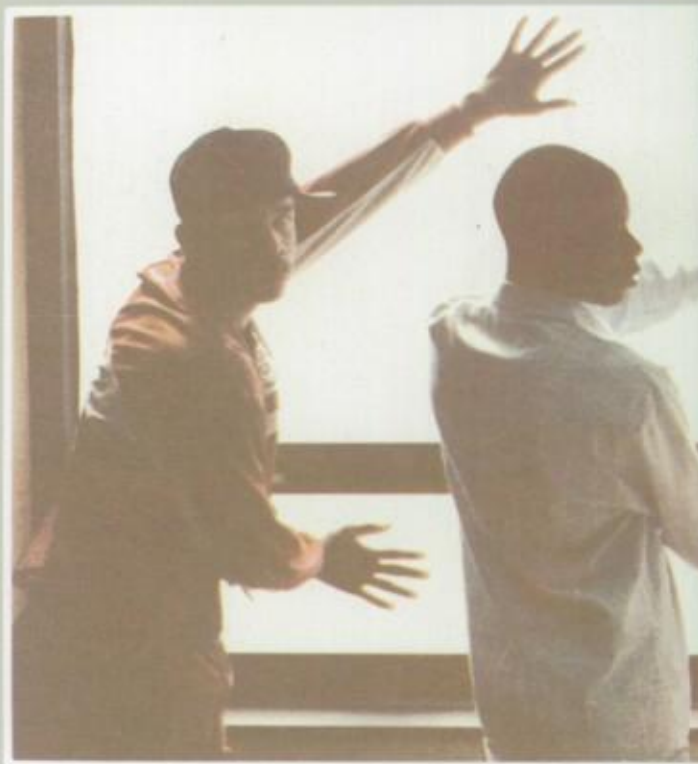

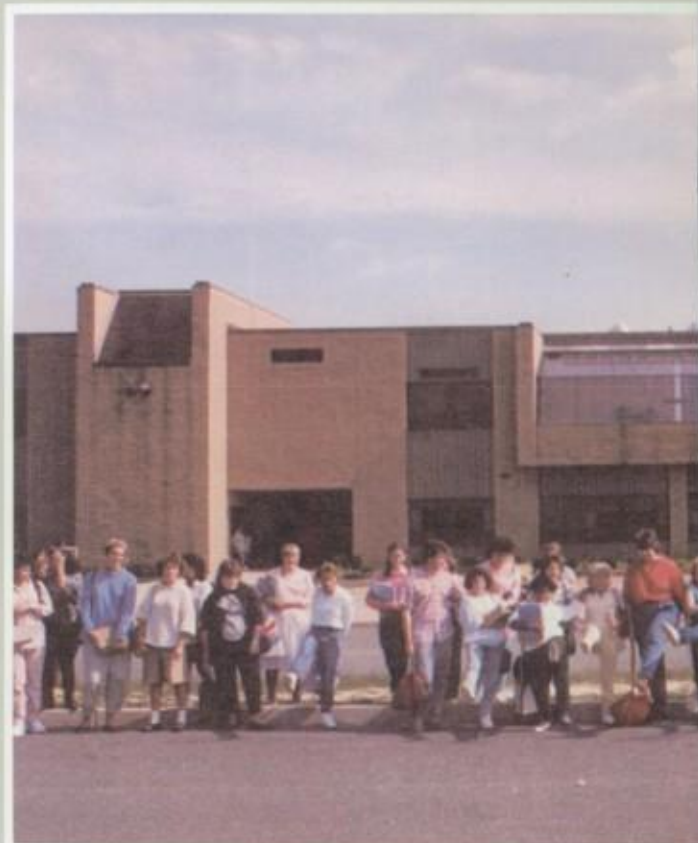

It is evident that the body cannot heal itself in all cases. Sometimes antibiotics are necessary to assist the healing process. Possibly in the future, the body will be able to complete the process without aid. For this purpose - improving the power of the body - many people are turning to healthier foods and more exercise. Instead of Fruit Loops and Lucky Charms at breakfast, now it's Shredded Wheat and Grape Nuts. Greasy pizza has been replaced by crispy salad. More people are going to the gym and Saturday night aerobics classes than ever before.

The emphasis on nutrition and fitness

has become a big part of athletic training. Just like the Olympic gold medal winners, college and high school athletes are now encouraged to watch their diets to improve the quality of their performances. It has been recognized that being fit in the inside is as important as being fit on the outside.

Generally, the power of the body to perform under such tense circumstances as a tennis or wrestling match is admired by most people. What is taken for granted, however, is the body's power to handle tension, to react quickly and precisely, and to perform daily tasks with skill and grace. The body is a thing of strength and beauty in motion, use it well.

In a society where leaders don't always exhibit exemplary behavior, training ourselves to become ethical is not imposed on us from the outside. Integrity and honesty are two significant qualities which must come from within. If these qualities are misguided, serious consequences will result.

The values we learn at home and in school must be carried over into our

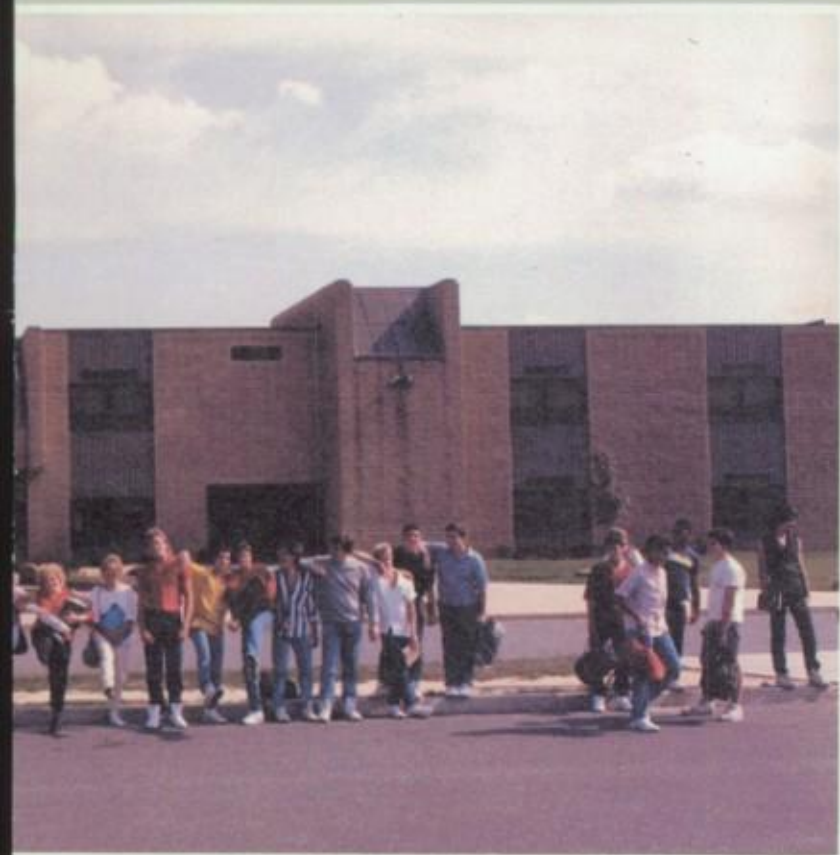

lives in the real world after graduation. Cheating on a test may seem like a minor breach of honesty, however, this makes it easier to cheat again. To not cheat requires more of the spirit and actually strengthens it.

What happens when we ignore what we are taught about honesty and fairness? Some recent events illustrate what can happen. Democrats Joe Biden and Gary Hart both lost their bid for presidential nomination due to a lack of sound judgement. Even the integrity of high government officials were recently challenged during Congress' Iran-Con-

tra "arms for hostages" hearings. Evangelists Jim and Tammy Bakker lost control of their ministry after misleading those who trusted in them.

There are those who say that dishonesty, greed and selfishness are the natural state of man. However, every day, all around us, moments of truth, honesty and selflessness shine. We have only to find and challenge the power of the spirit within us, we have only to be courageous enough to make the right choices.

The power within each and every soul is unique, intense and necessary to the survival of the individual. A person begins at birth to develop the power within himself. Through parents' influence, our decisions are made, habits formed and our characters molded.

Just as parents influence children in the home, teachers play a great role in the development of personal power. Teachers fill students with knowledge and show them how to use the abilities that they may have.

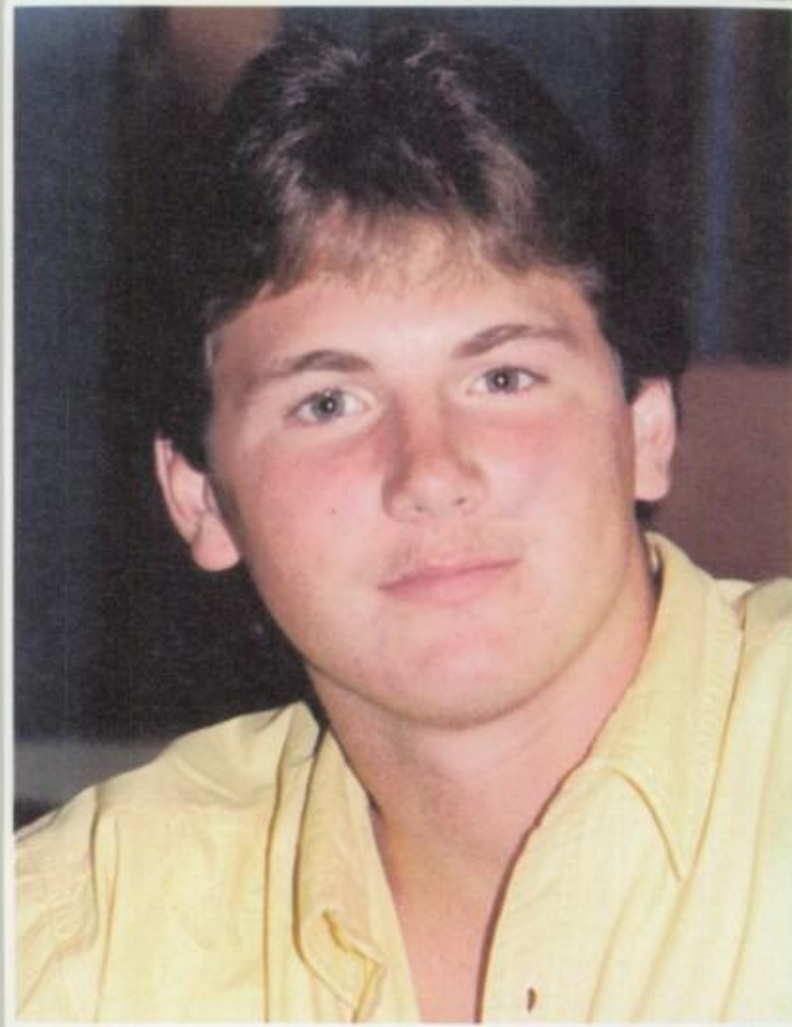

Within the home and school environments, friends and peers are a major part of life. Peers can be supportive or destructive, kind or cruel, advantageous or disadvantageous. Peers have the power to make an individual use the power within himself, yet they also have the power to make an individual bury that power. Maybe the outcome of how an individual uses his talents depends on all the events of his life. If he is encouraged constantly, most likely his inner power will shine and grow. If he is degraded and discouraged, that power may fade.

Mental discipline and awareness make an individual stronger because he maintains a high regard for himself and those around him. Regard for himself can be lost easily, this leads him to believe that he should make decisions with much premeditation. The right decisions are often tempered by the self-confidence level of a person. He must first believe in himself to achieve.

The Power That Can Change

Us All

In this world it often seems as if one person can rarely make a lasting change in the problems of the world. Traditionally, to change laws and mores we must be members of a majority, however, we must remember that a majority is made up of individuals.

As individuals we face problems of war, racial and religious prejudices, poverty, drug abuse and crime. These are not problems to be easily

resolved by a simple majority rule. They are issues with as many sides as there are individuals.

Fortunately, in a democracy, each person is guaranteed, by the Constitution, the right to have and voice his or her opinion. The Constitution offers us ways to peaceably change policies and laws as individuals through the ballot, the right to assemble and the right to free speech.

However, this is not the only way an individual can make a difference. We must not hesitate to lend a hand to someone in need. In 1987, volunteers made a difference in Hawaii during a volcanic eruption and in California during a series of earthquakes. Every day, volunteers help the homeless in our cities, the hungry in Third World countries and the sick in our hospitals.

Each person has a mind limited only by their imagination. Sometimes, if we can change our attitudes, we can change much of what is wrong with our world.

Changing our mental outlook, our physical appearance and our spiritual feelings can change each of us. If we are spiritually sound we can have the courage to change our outlook on life. Being physically sound, can change our mental outlook by making us feel better about ourselves.

When we train ourselves to use the power of citizenship, to give to others and to think and see clearly, we can begin to change the problems of the world- one person at a time.

-Based on an essay by
Joe Moritz Class of '89

Making a difference. That's what life all comes down to. Will the world be even slightly better for our having been a part of it? Each generation has its chance to make its mark, each person is capable of making a difference. Our grandparents helped defeat Hitler and the Nazis in World War II, our parents brought social and political injustices to the forefront in the sixties.

What will be our fight? Will we have the power within us to win or lose? Just as we have the power and the right to change our world, so we also have the power and the potential to fail.

We learn in school how to solve prob-

lems and work with others. Although the problems we will face in the year 2013 may be very different from the problems we face today, the way to solve them will still begin with one individual- with the power and strength to change.

Will that person have the wisdom to turn discontentment into security and disenchantment into belief? Will that person use the power within him to make the world a better place for his children and his childrens' children?

Will that person be you?

How's Your Aptitude?

The SAT test consists of a combination of verbal and math questions in six sections. Most colleges require a score of at least 1000 combined. But do standardized tests measure a person's ability well enough to determine acceptance to a college?

Here is a sample question-you decide:
1. If $a(a-1)=b(b-1)$, and $a=b$, find the value of a explicitly in terms of b .

Public Transportation At C.R.H.S.

Some anonymous quotes on riding the bus:

"The bus is full of noisy kids screaming out the windows, blaring their radios and trying to smoke their cigarettes."

"I don't like riding the bus because each day I have to search for a place to sit. Everyone has to sit at least three to a seat."

"I'm very happy that my ride isn't too long because I am one of the first to get dropped off."

"Well You see, It Was Like This . . ."

Some pretty wild stories have been told by students about why they were absent. Mrs. Orosz says the best excuse was: "I was absent because I

had to watch my grandmother take a shower." Mrs. Chappius offers this one: "I was absent because I had no shoes."

Rush Hour - 3:01 P.M. Or "Life In The Fast Lane"

The school bell rings at 3:00 pm and there is a mad rush for the doors and parking lot. Locker doors slam in rapid succession to avoid the 3:01 RUSH HOUR. Students now have to learn the ins and outs of the parking lot. The added responsibilities of a car, because of a job and or after school activities, makes it necessary to plan ahead when leaving school. Gone are the good ole days when the bus driver took the flack. Now it's everybody for themselves!

Remember When . . .

. . . an art teacher drove a hearse, a snake got loose in D Commons and in the girls' locker room, skirts were longer than shorts, we had more dances, you got your license, the teachers threatened to strike, you were a freshman.

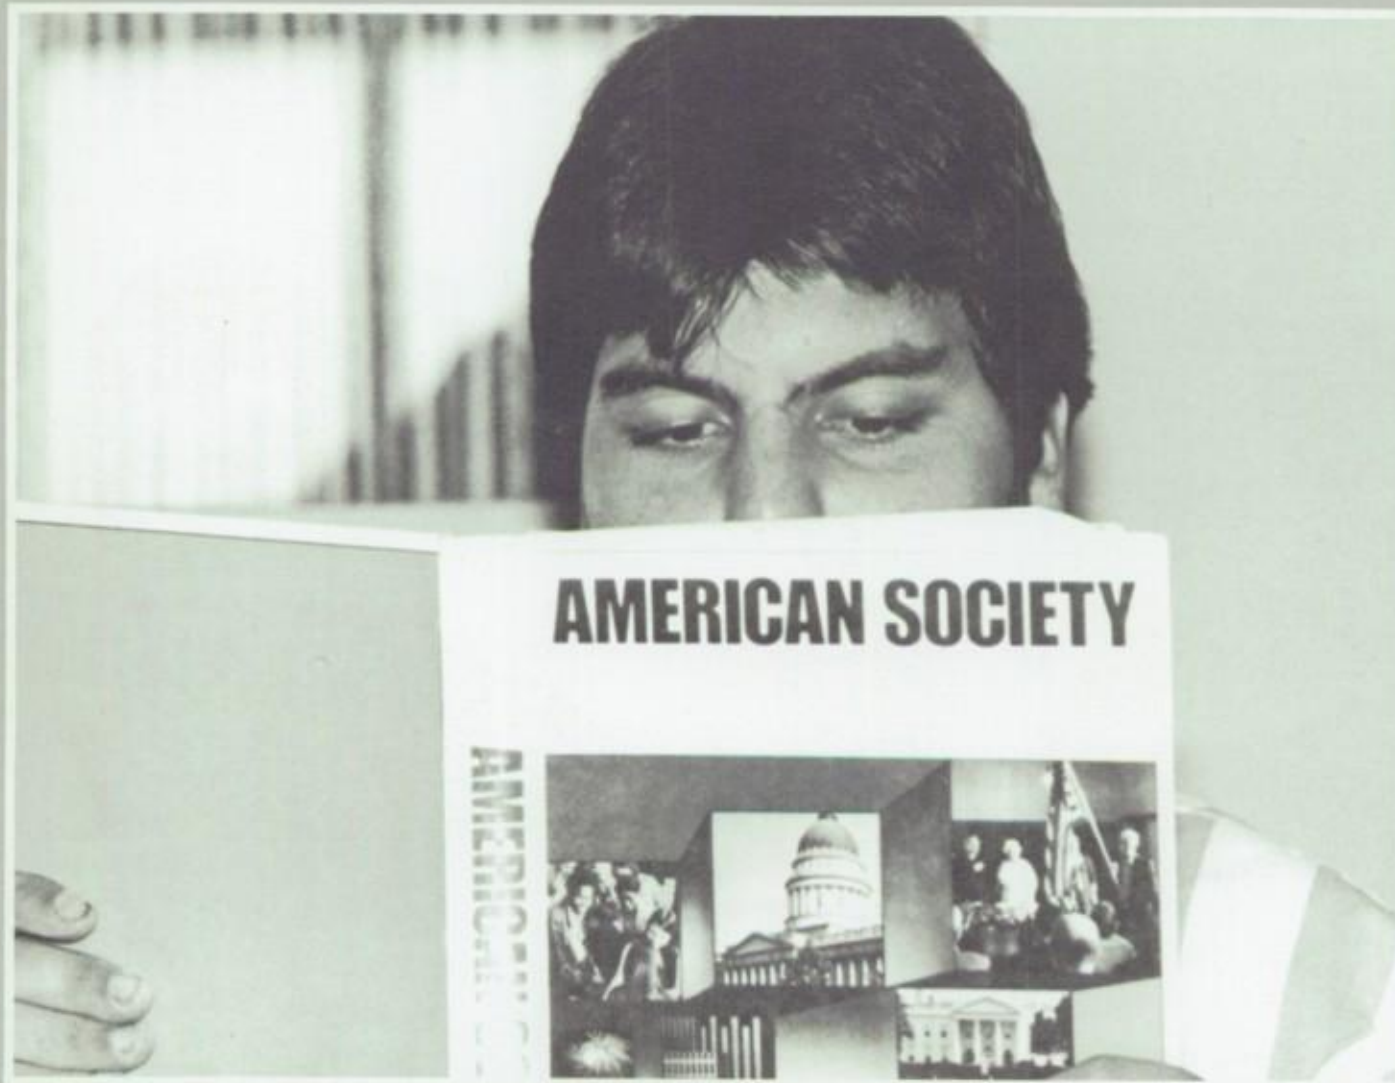

Studying, Studying . . .

STUDYING! The one thing we all dread to do. It seems like there is always some test or quiz to study for. Do the teachers get together and plan to give them all at once?

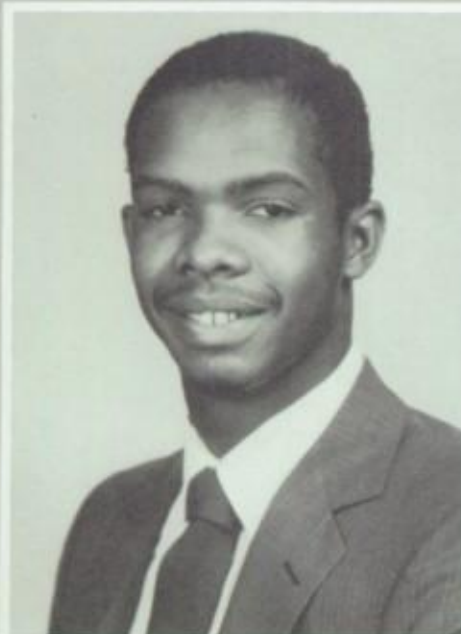

There are different ways to study: some people prefer the Media Center, some, a quiet place like their room, still others an only study while the T.V. is on, the radio is blaring and food is near by. Most people, however, seem to study best in homeroom, just minutes before there their first period test.

Trying Tryouts

Tryouts are a nerve-racking part of a student's extra-curricular activities. Long afternoons are filled with endless practicing for those few minutes during tryouts. Then, there you are, trying out for judges or a coach, and even though you're scared, you have to get your act together. The minute it's all over you begin to think: was I good enough? Did they notice that one mistake? There is nothing to do but sit and wait. Tryouts and the waiting that comes afterward are both part of making the team or getting on the squad.

Putting All Your Eggs In One Basket . . .

Having a baby is an enormous responsibility-one that seniors here at Cumberland Regional get to try on for size as part of senior health class. Seniors carry a 5lb. sack of flour or an egg that symbolizes a newborn infant. This, at first, does not seem too difficult, however, each senior must choose a partner to help with the parenting. Shared responsibility is the key. One must make sure

that the co-parent doesn't keep the "baby" in his or her locker all week; doesn't allow the baby to be kidnapped and doesn't break the baby while juggling with it.

After watching over a baby for one week, most seniors gain some insight into the care and worry that goes hand in hand with child rearing.

Dress To Impress

Last spring a committee was formed to set up guidelines for a dress code. Before the dress code was enforced, no one knew precisely what they could and could not wear to school. In answer to the question of whether or not the dress code is necessary, some people said . . .

"No, we should be able to wear what we want, within reason."

"Yes, because there are people who do not know the meaning of 'within reason'."

"Yes, we need some type of guidance concerning dress."

"Love In The Hallways"

Just as there is "Love in the Afternoon" on television soap operas, so there is "Love in the Hallways" at CRHS. If you've ever gotten a minor referral slip with the "embracing in the halls" category checked, you know what we're

talking about. Will minor referrals be the answer? Probably not, however, at least getting written up and going to your housemaster does allow your girlfriend/boyfriend time to come up for air.

"You're Gonna Get Into Trouble For That, Son . . ."

I walked into the locker room, got undressed and took out my gym clothes. I put them on the bench and left to use the bathroom. I came back and all my clothes were gone. I had to walk out into the gym in my underwear to tell the gym teacher that someone had stolen my clothes. He looked at me and said: "at least they didn't steal your underwear" - then he wrote me up. I got five days suspension!

Stacy Waller

"May I Go To The Lav?"

Why does it seem that the lavs are always locked? You can't use them between classes because then you'll be late. But when you ask your teachers, they tell you to use them between classes.

When you finally get to the lav, and if the door is open, you can't see for all the smoke billowing out of the stalls. You get back to class reeking of smoke. Sigh

Workin' 9 To 5 . . . And Then Some

It's 3 o'clock and your day is done. Or is it? These days many seniors go to school and hold down a part-time job, thus totaling more hours than their parents do in one week. "What, Was That The Bell, Already?"

You know, its the same old tired story: the bell rings, you run in late and say "there was a fight in the hallway and I couldn't get through." Come on, people, let's get creative!

Howabout some of these?

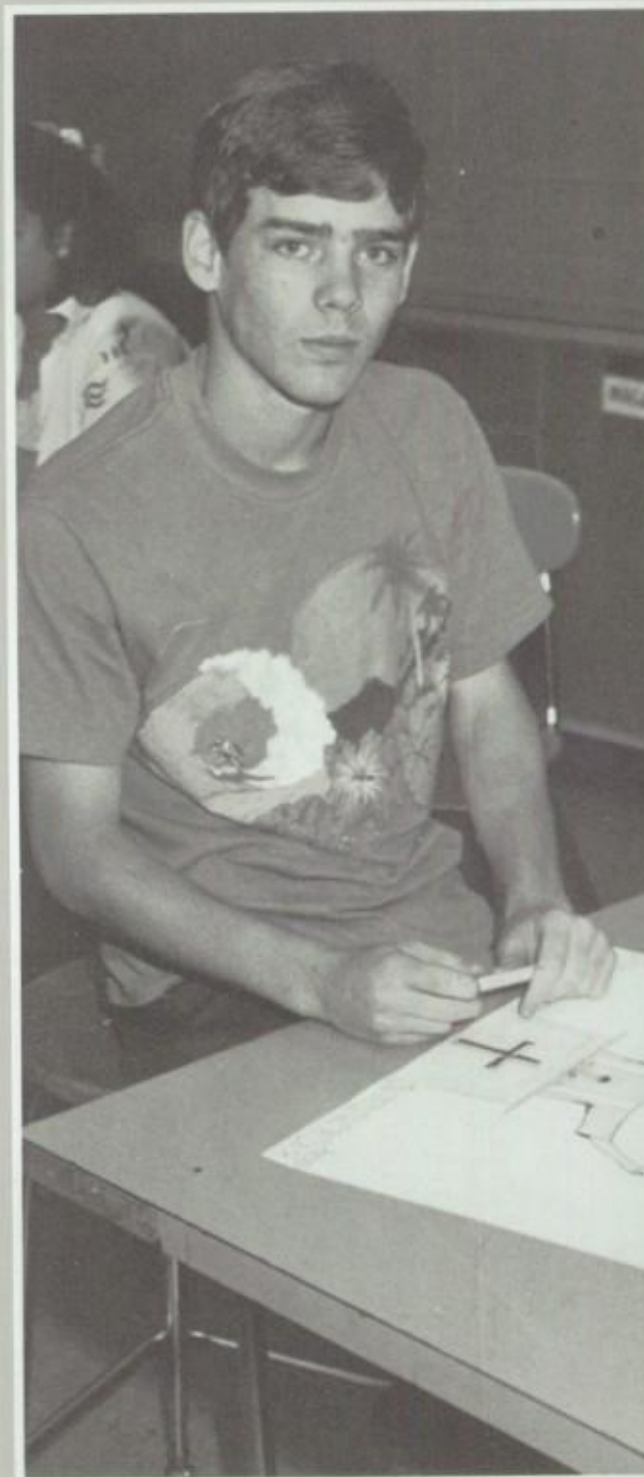

"I have an earache and couldn't hear

the bell."

"I tripped over a freshman on the ramp."

"I had to finish writing down my notes from the board in my last period class."

Nah, no one would believe it.

These Magic Moments Proms '85, '86, '87

85

The Freshman-Sophomore semi-formal was held on April 13, 1985 in the CRHS "ballroom". The theme was "Sea of Love" and the band, Shytown, provided us with our entertainment for the evening.

86

The Class of '88 Sophomore-Freshman semi-formal was held on April 5, 1986 in the CRHS "ballroom". The entertainment, provided by the band Heat, helped set the mood for the theme: "In the Air Tonight".

87

The Junior Prom was held on April 10, 1987 at Gia's Suburban House. The theme: "At This Moment", set the romantic atmosphere along with the help of our entertainment, the band Heat and the Sound Entertainment DJ's. The class was served a hot buffet with a variety of salads, relishes, and desserts.

1987

CURRENT

JUDICIAL CONTESTANTS

— Supreme Court nominee Robert H. Bork was rejected by the U.S. Senate, and the second nominee, Douglas Ginsburg, withdrew under fire.

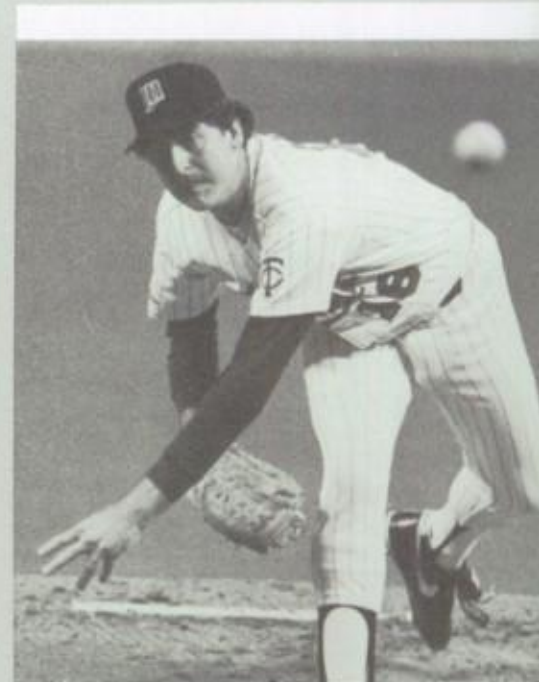

SILVER SAILS — After defeating Australia to bring the America's Cup back home in February, San Diego skipper Dennis Conner waves an American flag while clutching the silver cup at a parade in his hometown.

WINNING STREAK — West German Steffi Graf, 17, displays the French Tennis Open cup after she defeated top-seeded American opponent Martina Navratilova.

MATERIAL GIRL — With a movie in the works, Madonna is still one of the nation's top entertainers. Her marriage with actor Sean Penn puts them both in the limelight often.

DAZZLING — Whitney Houston's "Whitney" marks the first album by a female to debut at No. 1 on the Billboard Album Chart. "I Wanna Dance With Somebody" and "So Emotional" are two of her number-one hit singles.

VIOLA VICTORY — The Minnesota Twins beat the St. Louis Cardinals 4-2 in the seventh game of the World Series. Frank Viola was named most valuable player in the Series.

EVENTS

1988

ROUND TWO — Former Senator Gary Hart (D-Colo.), with his wife Lee, re-entered the 1988 presidential race. Hart withdrew earlier after reports of a sea cruise with Donna Rice caused a scandal.

"LITE" METAL — The top-selling album of 1987, Bon Jovi's "Slippery When Wet," sold 11 million copies, the largest-selling album ever in the metal category.

TINY HEROINE — Eighteen-month-old Jessica McClure held on for two and a half days until rescuers freed her from the 22-foot abandoned well in Midland, Texas.

FAREWELL

FINAL BOW — Fred Astaire, 88, was called the "greatest dancer in the world." His innovative, elegant style graced the screen with many partners, including Ginger Rogers and Rita Hayworth.

SHOWBIZ — The consummate showman, Liberace, 67, was famous the world over for glitzing up his concerts with furs, rhinestones and glowing candelabras.

HOLLYWOOD LEGEND — Director and actor John Houston, 81, acted in 21 films and directed 41, including "The Maltese Falcon" and "The African Queen."

Despite Injuries And Setbacks, Colts Forge Ahead.

Colts Persevere

The Colts felt very optimistic at the beginning of the season but some injuries and a late season slump caused the team to just miss first place. However, there were some outstanding individual performances by Marc Marino, with a .407 batting average and Rob Cossaboon, with a 7-2 pitching record, 21 steals without being caught, and a .377 batting average.

Hopes for the 1988 season

will rest on the shoulders of George Barber, pitcher or catcher, who had a .394 batting average, 30 RBI's, and a .634 slugging percentage. Also, faith is placed in Bob Kraft, outfielder, who led off the Colts this season with a .333 batting average, and all of the varsity letter winners which include; Steve Cicco, Joe Cook, Dan Krupa, and Sean Solazano.

New Coach Leads Team To 13-8 Record In Girls' Softball

Although the Colts' Softball Team started off with a tough loss to Ocean City, the team had a good season, with a 13 - 8 record as an end result. Along with new coach McCullough, the team also had a fairly new pitcher in Sue Riley, a senior who did a great job of pulling the team through the rough spots.

Two of the most difficult teams faced were Mainland and Ocean City because of their devastating

pitching strength. Their pitchers will be back in the '88 season to challenge the Colts. Coach McCullough stated that she "hoped one of my pitchers comes to the forefront to lead the team to success in the coming season."

Returning letter winners made the team strong last year. Varsity players this year, through hard work and dedication, will make the team stronger still.

Cumberland Colts Travel North To Newark Academy In Boys' Tennis

The 1987 Colt's Tennis team received second place in the conference after losing a close match to Vineland 2-3 in a playoff. The Colt's finished their season with a 22-6 record. For the first time the team was invited to compete at the Newark Academy tournament in which they captured their first round beating Delbarton 5-0. The Colts lost a tough second match to Westfield, by the score of 1-4. The team looks forward to returning to Newark Acade-

my next year.

All seven varsity players received All South Jersey Group IV awards, while David Jespersen, Ron Moore and Jamie Sulzman also received All South Jersey awards. Other strong players for the Colts were Miki Hudson and Kevin Bano at #2 doubles and Brian Bell at #3 singles. Coach Breech looks for a powerhouse team in '88 to regain the conference and South Jersey Group IV title back from Vineland.

Mr. Breech contemplates his strategy.

Conference Contenders: Boys' Track

The Boys' Track Team came out winners after a rough start early in the season. Although they lost their first three meets, they came back to win all five of their remaining meets. The highlight of the season was avenging Vineland-the only team to beat CRHS and break a 2½ year, 16 straight winning streak.

Graduated seniors D. Stafford, J. Brown and J. Russell all qualified for the State Championships. Returning

letter winners J. Winrow, T. Johnson and P. Willoughby also qualified for States. In addition, J. Brown won the #1 spot in South Jersey in the long jump.

Coach Hayducsko, who left CRHS at the end of the season, had this to say about the upcoming season: "next year the team should concentrate on improving their field events; this, combined with a strong running team, will ensure another winning season."

Back row: Coach Hayducsko, G. Johnson, J. LaSpada, K. Jones, M. McCarthy, K. Kline, D. Glaspey. Row 2: P. Chestnut, D. Moore, C. Harris, R. Thomas, V. Murray, B. White, J. Smith, E. Wood, J. Girls Track In The Running

The Girls' Track Team had a winning season this past fall with a 4 - 3 record. The highpoint of the season came during the county meet where the runners gave excellent individual performances. Hilda Walker qualified for the State Championships in the long jump.

Other team members included Judy Montgomery and Tonya Wilson, both 3rd year letter winners. Tina Pierce, a sophomore

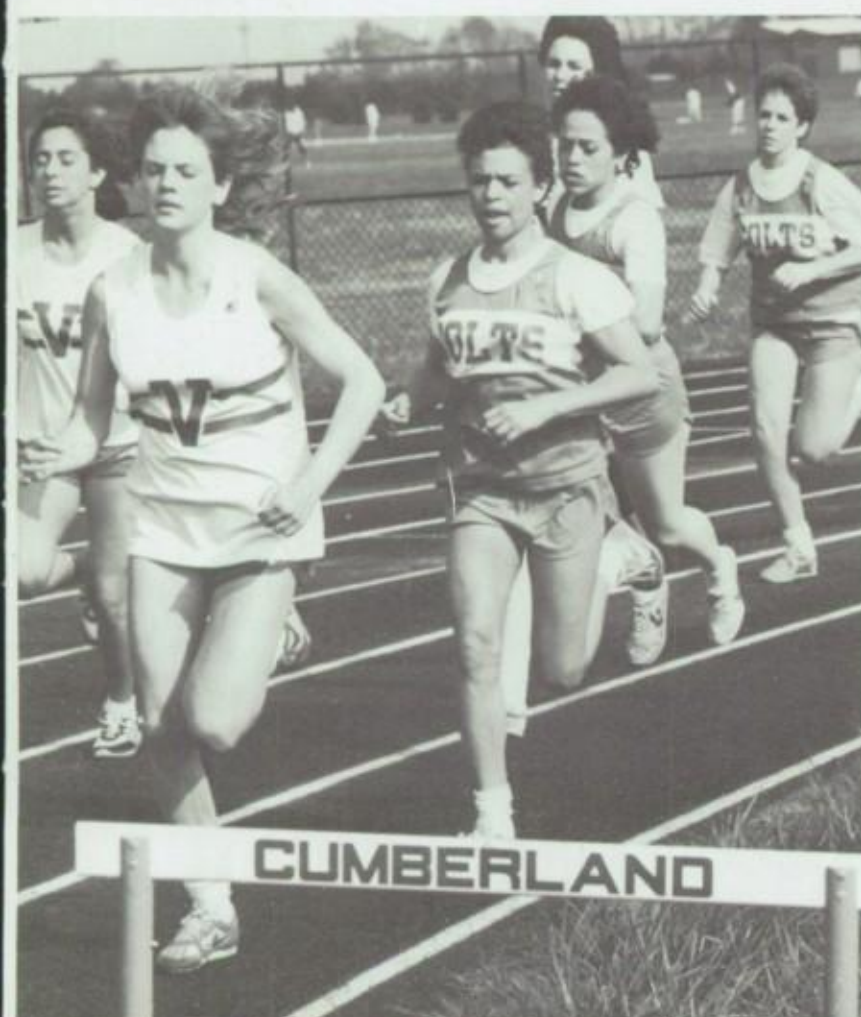

now, was, according to Coach Moore, the most improved runner of the season.

Coach Moore stated that next season the team would work on bettering their times and distances. He also would like to see more runners come out for the team. Moore said "I have seen improvement this year and look forward to a better record next year."

Golfers Attained Much Needed Experience

The 1987 Colt golf season proved to be more successful than Coach Ortolf had originally anticipated. Although the team finished below .500 with an 8-10 record, our golfers attained much needed experience. The team should see great improvement next season in both individual and team averages. Five of our letter winners will return for the coming season. David Gosweiler will receive a 2nd year silver certificate. Tom Nardelli, another junior, should have a strong senior year.

Next season, look for the team to be above the .500 level and making a run for the conference title.

Leading Teams To Victory Is Hard Work!

Over the summer, the cheerleaders and their coaches attended an ICF-sanctioned cheering camp at Univ. of Del. where each squad competed in the Grand Championship. Varsity placed second, J.V. placed third, and, in total, they brought back over twenty ribbons and a trophy which

awarded their improvement.

With the Colt gridders starting the season with a struggle, the cheerleaders had to try their best to get the crowd fired up. The squads stood behind their team and had a great time.

Colts Win Last Three Games Of Season

Gridders Go 4-4-1

The 1987 Colt's Football season got off to a rough first five weeks. However, hard work and dedication by both the team and new head coach, Ortolf, resulted in a tie with eventual league champion, Millville. The team began to jell at mid-season despite a loss against Atlantic City. The Colts won their last three games in a row-finish with a 4-4-1 re-

cord after beating arch-rival Bridgeton on Thanksgiving in an away game.

Several team members received post-season honors including: George Barber, who made first team all-Group IV as a punter and was second team All-South Jersey; and Terrence Johnson, who made Group IV as defensive back.

Colts' Hockey Uneven Throughout Pressure Season

The 1987 Field Hockey Team once again reached the Semi-finals of the Group IV State Tournament. The season ended with a tough 1-0 loss to Toms River North in the Semi-Finals.

The Colts experienced a lot of pressure this season and ended with a 12-3-5 record. Over all, the team worked hard defensively and offensively and kept the spirit of unity throughout the season. Some players reached personal goals; others set

school records. Nicole Willis tied the school record for most goals scored in a career at 49, Shelly Morris holds the school record for the most career shutouts at 34, and Charlie Carney went to England to play hockey.

Mrs. Barry said "We will miss the seniors, but I have confidence that the upcoming juniors will continue the hockey tradition at CRHS.

Varsity showed improvement from everyone, espe-

cially Regina Stevens. Michelle Erbaugh, Vicki Pedrick, and Lori Sloan, along with the outstanding play of seniors Shelly Morris, Molly Haggerty, Nicole Willis, and Sharon Hamrick.

The J.V. team ended their season 11-5-3. Under the coaching of Connie Ewing and Beth Ewan the J.V. and freshmen show great potential for keeping field hockey at CRHS very competitive.

Team Suffers Injuries And Setbacks Colt Booters Look Ahead

The '87 Colt Soccer Team, which finished 1 game above .500, faced numerous problems this year; the biggest being injuries. Injuries to Greg Sloan, Miki Hudson and Sean Connors at key points of the season halted the Colt line-up. With these handicaps, playing such tough teams as Vineland, Millville and O.C. made it hard to keep a winning pace. The Colts did make post season play only to be beaten in the States by Edgewood, 3-0, and in the

Coaches Tournament by Cherry Hill West, ending 2-1 in overtime penalty kicks.

Numerous post-season honors were taken by Colt players including Jamile Sulzman, Andre Buck, Chip Streets and Tim Santoro, receiving 2nd Team All-Conference. The Colts return many talented players next year and should be the conference favorites to win the Cape Atlantic I in '88.

Team Qualifies For State Tournament In Girls' Tennis

At the start of the season, the Girls' Tennis Team had several goals including qualifying for the State Tournament and being .500 at the end of the season. The 1987 team qualified for the State Tournament, won the first match but lost in the next round.

Although most of the matches were close throughout the season, Millville was the most difficult the team faced according to Coach Carll.

Of the senior members of the team, Ann Kim received the most post-season awards. She has been a four year varsity player.

Boys', Girls' Teams Stride Ahead In Cross Country

Boys' Cross Country had a very successful season, winning their first six meets and placing 2nd in the Cumberland County Championship. Senior co-capt, Pat Oliver and Ted Woodside were chosen All Area while senior Paul Yost was chosen #1 runner: All Conference and All Area. Coach DiBiase stated that the team "had one of Cumberland's best seasons ever, but ran in a very tough conference. All three losses came from teams that qualified for

the State Finals."

Both boys and girls teams were lacking in the number of runners coming out for the teams. This hurt the Lady Colts, however, Denise Durham and Tina Pierce were chosen All Area Cumb. Cnty 1st team and Cape Atl. All Stars 2nd team.

Coach Moore said that the team worked hard this season to improve individual times and places.

lar style.

Memorable performances were given by Anthony Burrus, Bob Kraft and Tom

Connelly. These seniors have worked hard and have produced great results. Terry Parker and Andre Buck, both juniors, have also greatly contributed to the Colt effort.

The Colts showed a positive attitude throughout and should definitely improve during the 88-89 season. Ball handling and physical strength will be emphasized. Coaches Best, Foster and Kraft are eagerly anticipating a winning year. Best of luck, Colt netmen!

Girls' Basketball Celebrates The Year Of The Colt!

This year, the Girls' Basketball Team showed what hard work and dedication can accomplish. The Lady Colts went 24 - 0 to win the first conference championship in the history of CRHS. The team also won the Colt Classic Championship and ended the season ranked 4th in the state, averaging 60 points per game on offense and 36 points per game on defense.

Nicole Willis was chosen Philadelphia Inquirer player of the

week and Atlantic City Press athlete of the week. Dee Yates set the state record for most 3 point shots made in one game (10), made the Faces In The Crowd section of Sports Illustrated and played in the North-South State All-Star game. Angelo and Duke DiJoseph both won district titles for the Colts. Angelo, Sean Bidic and Sean Connors were the tri-captains for the team and displayed excellent senior leadership. The team was

very close as a unit and worked hard throughout the good and the bad.

The team had a tough schedule facing 10 of the top 15 teams in South Jersey. A near victory over 6th ranked Buena helped morale.

Next year, Coach DiBiase hopes to see more people involved in the program.

Boys' Girls'

Winter Track

The Boy's Spring Track Team can look forward to a good season thanks to the development of several talented track athletes. Juniors Eugene Bryant and Harry Carson, team captains, each established personal bests in their events. Junior Matt Pierce and sophomore Delroy Davey were also standouts in the high jump and 400 meter, respectively.

In Girls' Winter Track, sophomores and juniors highlighted a very successful campaign. Hilda Walker capped her season with a 6th place, 55 meter finish in the State Championships. Denise Durham and Heidi Yost showed tremendous improvement in the distance events which will show in the coming Spring Track season.

Individual Times Improve As Swim Team Gets Stronger

Although the Colt Swimming and Diving Team had only three wins this season, the team showed improvement both individually and as a whole.

Wendy Krajewski, a senior, showed excellent form as the Colts top diver, setting a new school record in diving. She also qualified for States along with Greg Sloan, a junior, a

Vicki Pedrick, a freshman. Greg and Vicki had great seasons setting many personal best times.

Homecoming 1987

Angel Goldsborough leads
halftime.

Homecoming 1987 began with presentations by the Freshman, Sophomore and Junior classes. The hit of the pregame program was the Class of 89's "Heard it Through the Grapevine" with class members dressed up as the California Raisins.

Then came kickoff in a rousing game against Egg Harbor which the Colts took in victory.

Halftime entertainment included the announcement of Homecoming Queen, Debbi Ingersoll who accepted her title surrounded by her Court.

Jill Lloyd cheers the team on.

POWER

TERRY MCINTOSH

FROM THE DESK OF MR. CONLEY

Dear Graduating Senior,

I would like to take this opportunity to wish you much success as you leave CRHS and enter the world. You have learned many skills and have accomplished much; however, there is still much more to learn. I hope we have taught you how to learn and to value that skill above all. Much of the true joy in life comes from discovery and inquiry.

Be proud of your accomplishments but also be aware of the challenges ahead. The future is in your hands; what you make of it is up to you.

power...

The powers of the mind, body and spirit combine into a force, that, if used with intelligence and grace, can create a better world. It is up to the individuals of today to capitalize on these powers, see what needs to be done, set their sights high and accomplish their goals.

We are the future of the world. It is up to us. The values we set up now will be carried with us into the 21st century. Together we must pull ahead. Together we can make a difference.

In Loving Memory

Ramona Santiago
1968-1987

To Our Sister

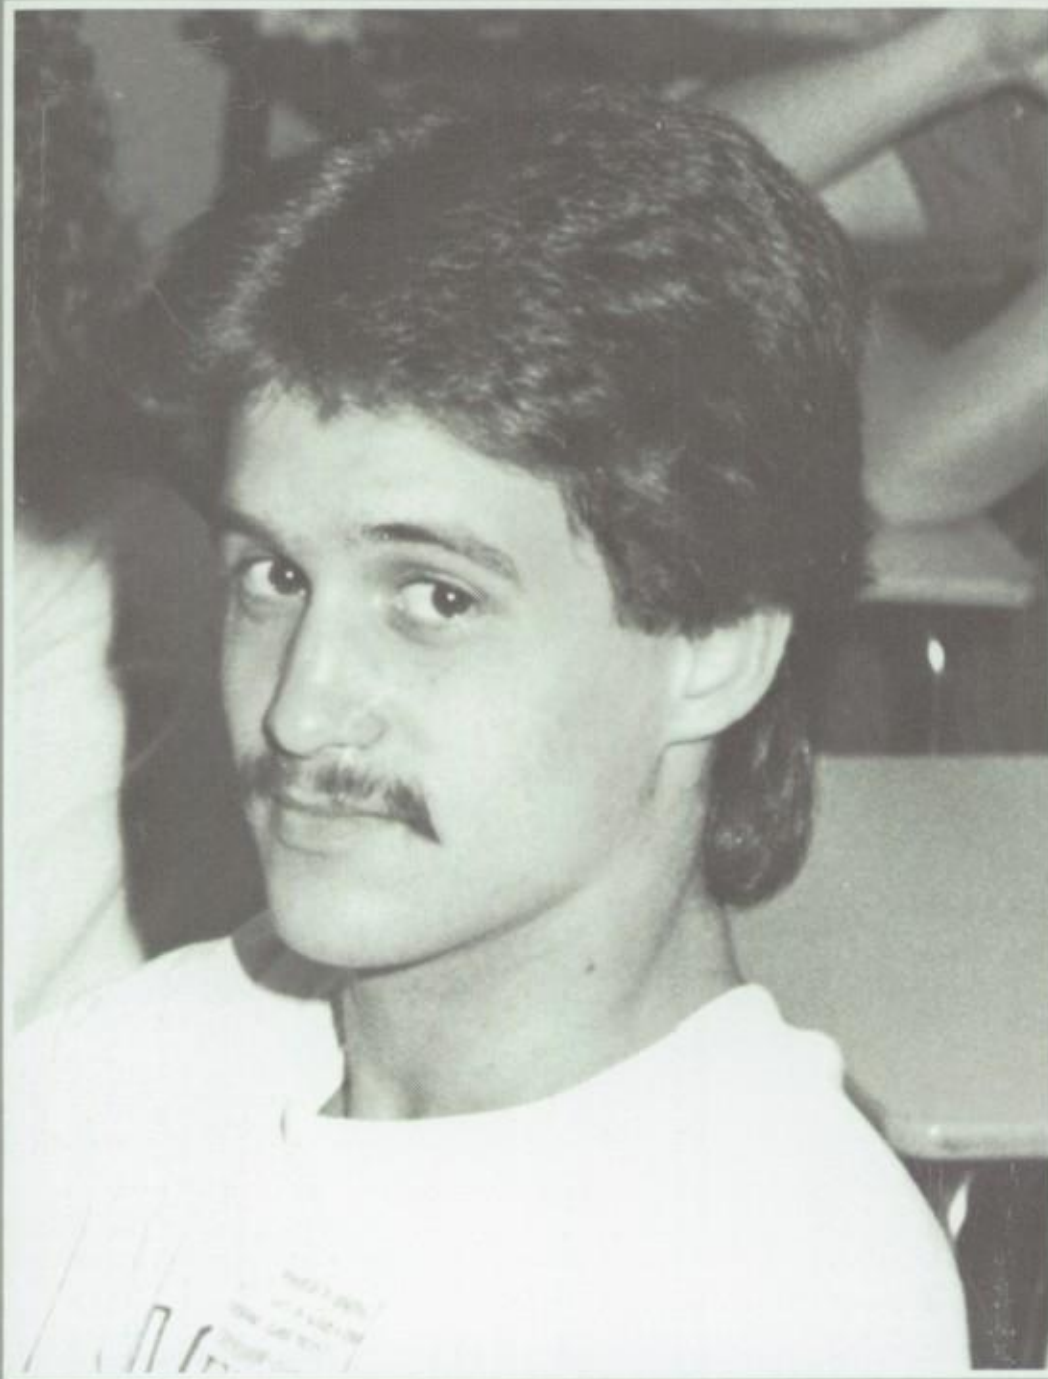

We miss you Ramona for
you have now gone away,
To a place where there's
peace from day to day.
We've heard there is no
darkness nor is there any pain,
for in this kingdom
love does reign.
We did not have a chance
to say how much we all loved
you,

but, you are now within God's
love,
and he will see you through.
No more sickness nor burdens
to bear, but, now you're resting
in the Savior's care.
We realize you are resting
beside God's throne,
and when He gives us a call
we will all come home.
